Hyundai® / Kia® Pincode Read Software Update Available on Smart Dongle Only ADS190SD - Code D745385AD

January 2016

Advanced Diagnostics are pleased to announce ADS190SD software specifically on Smart Dongle has been enhanced with greater coverage by adding pincode reading capability via the OBD port on various Hyundai® / Kia® vehicles found worldwide.

What does the software do?

This software update enhances the current capability for pincode reading on certain vehicles (refer to applications list) enabling locksmiths to complete the key programming procedure using ADS147 software.

ADS190SD provides the pincode reading capability for:

- Pre 2007 vehicles - using last 6 digits of the VIN
- Post 2007 vehicles - conversion from the complete 17 digit VIN (Note: Pincode reading for post 2007 vehicles is not 100%)

Free software update on Smart Dongle for owners of an ADC190 Hyundai® / Kia® dongle. Contact your distributor for details.

What other software and products will I need?

MVP PRO / AD100 PRO
